REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

A.C. Moore Elementary is located in the heart of Columbia, just minutes away from the State House and the University of South Carolina (USC). We are an award-winning school with a diverse population. Students from 18 countries who speak 14 different languages attend our school and receive support through the English Speakers of Other Languages program. We are a Red Carpet School, Arts in the Basic Curriculum (ABC) site and a Green Steps School. We have two grants to support arts integration at AC Moore Elementary School: Arts in the Basic Curriculum Grant and the Distinguished Arts Program Grant.

The staff, parents and community have helped to provide an academic environment that is conducive to learning. The vision of AC Moore Elementary School, in collaboration with an engaged community, is committed to ensuring each learner achieves his/her potential in a safe, caring, creative, academically- and diverse-learning environment that will develop citizens for a changing world.

Our pursuit of increasing student achievement continued this year with our focus on integrating arts and technology into the curriculum. Arts integration and arts enhancements were done with special-area teachers, grade level performances, artists-in-residence programs, and performances throughout the year. All third through fifth grade teachers, and the music and art classrooms, have electronic whiteboards. Our goal is to expand this technology to have 100% of classrooms equipped with electronic whiteboards.

A.C. Moore Elementary School continued its partnership with the University of South Carolina. The “Ripples of Hope” project was the result of a grant written by an assistant professor of art at the University of South Carolina. The grant allowed our focus of arts enhancement and integration to expand. Under the guidance of our art teacher, students transformed the front entrance to the school with a Mosaic Poetry Garden. “Ripples of Hope” includes a fountain, seating, shade trees, and individual stepping stones created by each student which features a symbol of something that is important to them. A USC assistant professor of education provided professional development training to teachers and worked with students monthly on Writers Workshop and creating poems for the Mosaic Poetry Garden.

Students at AC Moore Elementary School have access to a number of afterschool activities and programs including the Afterschool Comprehensive Remediation program, dance, drama, art club, mosaic club, and chorus. Additional activities include the Bobcat Morning News Program, Safety Patrol, and Student Council.

In the future, A.C. Moore Elementary School will continue to focus on increasing student achievement in all academic areas and increasing participation in the performing arts for all students. With the continued support and participation from our staff, parents, and community, we can address these opportunities for improvement. This will help ensure that our students will become lifelong learners and responsible, productive members of society.
